Black Ice Tiff Viewer Torrent Download is a compact software application designed to help users view, edit, and scan images in a clean and intuitive working environment. The program works with the following file formats: TIF, FAX, JPG, BMP, CAL, PDF, ICA, RAW, and plain text format. Plus, you have quick access to the files and folders stored in your computer, so quickly selected the one to be processed. It gives you the possibility to zoom in or out, flip or rotate the photos to different angles, crop the pictures, overlay the current image with a plain text file, change the resolution, and view information about photos, such as size, color, and resolution. What's more, you can perform basic editing operations (copy, paste, delete), work with multiple pages, undo or redo your actions, as well as split, merge, or cut TIF files. Other important features worth mentioning are represented by the possibility to highlight the selected area with different colors, insert ellipses, rectangles, and lines, use a pencil for drawing freehand objects, and whiten user-defined areas. Additionally, you are allowed to embed notes, text messages, and stamps with predefined text (e.g. Important, Invoice, Secret, Urgent, Checked), and insert stamps by uploading TIF or BMP files. For each of the aforementioned editing tools, the application provides several dedicated parameters built specifically for helping you perform tweaking operations related to size, border and background color, alignment, and opacity. One of the top features bundled into Black Ice Tiff Viewer is a smart system that manages to deskew images, and remove punch holes, black borders, and lines. Last but not least, you can make file associations, send the edited images via your default email client or configure the SMTP parameters, switch to a full screen mode for a better focus on your work, print the images, as well as perform batch scanning operations. All in all, Black Ice Tiff Viewer offers very good image quality and a handy set of parameters for helping you manipulate photos. Pricing & Availability: This is a free download. However, the standard trial period is 30 days. After that, you have to pay a \$59 fee for another 30 days of use.
